- 5.2 Forthwith, following the submission of its order, the Customer shall provide to the Company written confirmation of the details notified to the Company in accordance with the foregoing provision of Condition 5.1, together with confirmation that the constituents of the Contract Waste are compatible and stable and will not create any hazard on the mixing of such constituents, and such evidence as the Company shall require that any Contaminated Land Waste qualifies as such within the definition in Condition 1.1. If the Customer does not provide such written confirmation, the Company's records shall be conclusive as to the classification and description of Waste so notified to the Company and shall be binding upon the Customer.

- 5.3 The Customer shall ensure that the Contract Waste corresponds at all times and in all respects with the classification as notified to the Company and corresponds at all times and in all material respects with the description so provided. - 5.4.2 if the Contract Waste is unable to be managed by the Company within the terms of its waste management licence(s) (and/or its applicable PPC Permit) at the material time, the Company shall be expressly entitled to:

- (1) reject the consignment of Contract Waste and terminate the Contract; or
- (2) suspend performance of the Services until such time as the Contract Waste conforms with the description provided under the provisions of this Condition 5.

- 5.4.3 if the Company discovers that any Waste, already having been accepted onto the Site, fails to comply with the provisions of this Condition 5, the Company shall be expressly entitled to reject the Waste, terminate the Contract and the Customer shall thereafter indemnify, keep indemnified and hold harmless the Company in relation to any further costs incurred by the Company in relation to recovery of the Waste from the Site.

- 5.6 The entire contents of this Condition 5 are without prejudice to the Company's rights and the Customer's obligations under Conditions 10 and 13.

6. COLLECTION AND DISPOSAL OF CONTRACT WASTE

- 6.1 For the avoidance of doubt, delivery of Contract Waste to the Site shall be the responsibility of the Customer.

- 6.6 The Company will not be liable for any Loss caused directly or indirectly by any delay in the provision of the Services (even if caused by the Company's negligence).
- 6.7 If the Customer fails to make available to the Company or the Company's weighbridge operator (or other authorised representative of the Company) any instructions, documents, licences, permits or authorisations required by the Company in respect of each consignment of Contract Waste to enable the Services to be provided (including but not limited to waste transfer notes and/or consignment notes) the Company shall be entitled to reject such consignment.

7. WEIGHT CALCULATION

- 7.1 The weight of each consignment of Contract Waste shall be determined in accordance with the provisions of this Condition 7.
- 7.2 On arrival at the Site the vehicle containing the consignment of Contract Waste shall be weighed on the Company's weighbridge. Following the off-loading of the consignment of Contract Waste, the vehicle shall again be weighed on the Company's weighbridge. Each such weighing shall be under the direction and supervision of the Company's weighbridge operator (or other authorised representative of the Company).
- 7.3 The weight for each consignment of Contract Waste shall be the difference between the two weights recorded on the Company's weighbridge in accordance with Condition 7.2. The weight of such consignment as so calculated shall, in the absence of manifest error, be binding on the Customer and the weighbridge ticket issued by the Company to the Customer shall be conclusive as to the weight of the consignment of Contract Waste off-loaded at the Site.
- 7.4 If at any time the Company's weighbridge is not (in the opinion of the Company) working properly or at all, the following provisions of this Condition 7.4 shall apply:
 - 7.4.1 the Company and the Customer shall use reasonable endeavours to agree the weight of the relevant consignment of Contract Waste, having regard to the average weight load for the vehicle in question; and
 - 7.4.2 if the Company and the Customer are unable to agree the weight the Company shall not be obliged to accept the consignment of Contract Waste and the Customer shall deliver such consignment at such later date as notified by the Company.

8. FORCE MAJEURE

- 8.1 The Company shall not be liable to the Customer in any manner nor be deemed to be in breach of the Contract (subject to Condition 12) because of any delay in performing or any failure to perform any of the Company's obligations under the Contract if the delay or failure was due to any cause beyond the Company's reasonable control.
- 8.2 Without prejudice to the generality of Condition 8.1 the following shall be included as causes beyond the Company's reasonable control:
