The safety of our employees, families, customers and visitors remains our overriding priority.

As COVID-19 outbreak continues to evolve and spread globally, we are continually monitoring current threat levels closely and will update company guidance and management processes based on the guidance from Health Protection Scotland, Public Health England and Oil and Gas UK.

To prevent the spread of COVID-19 and reduce the potential risk of exposure to our employees and visitors, we are conducting a simple screening of all visitors to our work areas. Your co-operation and assistance with this is important and greatly appreciated.
